

SPLendid MEET THRILLS CROWDS AT BIG ARMY POST

Six Thousand Enthusiasts Witness
Clever Riding and Fast
Finishes At Well Conducted,
Enjoyable Affair At Leihua

SOME ACCIDENTS BUT NONE BADLY INJURED

Honoluluans Patronize the Races
And Two Hundred and Fifty
Machines Parked Along the
Grandstands in Brave Array

One of the biggest, most enthusiastic and representative crowds which ever attended a sporting event in the Territory applauded the efforts of the riders and their associates at Schofield Barracks yesterday afternoon, as it was the efforts of these men, coupled with the sportmanship and horsemanship of officers and privates, mounted on well trained and well bred horses, that made the first big race meet held at the big army post a huge success.

Fully six thousand spectators attended the meet, and the grandstands naturally contributed the major portion of this crowd and it seemed as if every man, woman and child of the garrison was out to cheer. Town people, though, did their share, about a thousand Honolulu citizens being present. No fewer than two hundred and fifty automobiles turned in from the road to the post and were lined up on both sides of the grandstands when the bugle blew calling the police to the post for the first race. These automobiles, from the two-seater to the seven-seater, presented a great scene and was but another testimony that clean sports will receive magnificent support.

Grandstand Is Packed
Hundreds of the occupants of these automobiles elected to remain within their cars and witness the races from these points but many others occupied seats in the grandstand and reserved seats section and in their gay colors presented a scene not unlike that of Polo Day at Moanalua or Derby Day at Brighton Beach.

Well Conducted Meet
Every promise made to the public by Lieutenant Whiting and his associates was faithfully carried out. The crowd did not have any long tireless waits between races and what little waiting there was, simply had to be even at that, these waits were made lively by the Fourth Cavalry Band and the First Field Artillery Band, alternately playing something worth while.

At five minutes to two o'clock the bugle calling the ponies in the first event to post was blown and after two o'clock sharp, the rescue race was on. Sergeant Harmon and Private Elliott, of Troop C, Fourth Cavalry, performed this stunt in the neatest and quickest time and were awarded first prize. Corporal Livingston and Private Jones, Troop L, Fourth Cavalry, finished second, and Sergeant Hawkins and Huf, Troop K, Fourth Cavalry, third.

Lerka Rode Well
The second event, a Roman race brought three riders with their pairs of horses into the arena and a brilliant piece of horsemanship. Private Lerka, Troop D, Fourth Cavalry, brought his pair under the wire first a winner by two yards over Private Evans of Troop A, Fourth Cavalry. Private Farley, Troop H, Fourth Cavalry, was third.

The third event, a jumping competition was a distinct feature of the program and the eight men who competed, showed themselves horsemen of rare ability. Clearing the high and low hurdles, the water jumps and two high hurdles within twenty feet of each other taxed the nerve of every competitor but each stood up wonderfully well and their efforts brought them well deserved applause. Private Van Hook, Battery D, First Field Artillery, proved the best rider and was awarded first place. Private Enlow, Battery E, First Field Artillery, carried off second prize and Private Harmon, Troop C, Fourth Cavalry, was third prize winner.

Dandy Runs Cleverly
This closed the special events and at three minutes past three the polo ponies lined up for the first race, a one-quarter mile dash. Captain Lawrence W. Redington, N. G. H. officiated as starter.

The entries in this event were: Sinbad, owned by Walter F. Dillingham and ridden by Lieut. Beard; Kay, owned by Lieut. W. C. Potter and ridden by its owner; Dandy, owned by Frank E. Baldwin of Maui and ridden by Arthur H. Rice of the Oahu Polo team; Jag, owned by Lieut. Gay and ridden by Second Lieut. Dally; Kehau, owned by Robert W. Shingle and ridden by Billy Love; Kilauea, owned by Walter Macfarlane and ridden by Charles Lucas, and Glitter, owned by Lieut. W. S. Winton and ridden by its owner.

Off to a perfect start, Kay on the rail went to the front but was soon passed by Rice on Dandy with Jag bringing the packmen. Rice made his spurt seventy-five yards from the pole, and in a driving finish, won by a length in 26:25 from Kay with Jag three lengths away.

Riders Are Spilled
The second race of the program was billed as the feature event of the afternoon and it proved a feature in more ways than one. Of the five riders who faced the starter, four were thrown from their mounts at the different jumps. Two of these riders, Lieut.

The other two riders, Private Casey and Lieut. K. C. Palmer, picked themselves up, ran after their mounts, hopped into the saddles again and continued riding, Palmer bringing his mount home in second place while Casey, leading the race, a steady career, and won the admiration of the vast crowd, for he had been badly shaken up, and was bleeding freely from a gash on the cheek and a cut lip.

Outaged His Field
Lieut. E. M. Whiting proved the winner of this event after a grueling ride on Mohawk Boy, in which he showed himself a great steeplechaser. Despite a handicap which forced him to ride two and one-quarter miles against two miles for some of the other riders, Whiting rode a steady career, and with hardly a falter covered each hurdle and water jump. He was loudly cheered as he came down the stretch in front and he was again cheered as he crossed the field proudly bearing the von Hammung trophy and the H. Backfield & Co. trophy.

Lieutenant Palmer was awarded a piece of plate valued at \$50, while Casey was awarded a piece of plate valued at \$15. The entry fees aggregating \$25 were also given to the winner.

Three horses raced the starter in the third race, a half mile event on the flat for Hawaiian breeds. Jack Horner, a Sam Lazarus-Yung gelding, gave the winning performance, but was well handled by Captain R. O. Mason his owner. Lewulu, owned and ridden by Lieut. K. C. Palmer, finished second and Duke, entered by Troop C, Fourth Cavalry, and ridden by Private Casey, finished third.

Lieut. E. M. Whiting also brought his good gelding, Mohawk Boy, home first in the six-furlong dash on the flat, winning handsily. Robert carried off second money and Fritz, was third.

Captain Redington sent the horses away to a perfect walking up start in this event and Mohawk Boy took the lead only to surrender it to Fritz, ridden by Woods, formerly a star player in the Foxhall Keene trials. At the seven-eighths pole, Mohawk Boy came again and in a breezing finish, passed Fritz who tired badly and fell to the rear.

Privates Ride Well
The closing event of the afternoon brought ten horses to the post as competitors in a one mile and three-quarter mile steeplechase, each horse being ridden by a private. Some of the officials and spectators were fearful of the results of this race owing to the large field and the number of spills in the previous steeplechase. After circling the track for the first quarter of a mile and going over the first hurdle, Private, on Babe, fell but was unharmed and as he saw his horse going away he walked over to the officials and carefully watched the other race around the track. Price was the only rider to fall. It was a pretty affair and the rivalry between the officers and privates on the tails added plenty of zest to the event.

In the homestretch, the nine remaining horses were closely bunched and it was with difficulty the judges could find out the first five to the wire. With the completion of the task, Dido was given first place with Mutt, second, and Bones, third.

Following were the officials in charge of the meet:
Stewards—Col. S. D. Sturgis, First Field Artillery; Col. G. H. Sande, Fourth Cavalry, and Robert Witt Shingle.

COMFORTING WORDS

Many a Honolulu Household Will Find Them So.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Honolulu readers.

Supt. J. J. Arthur, 451 N. Fifth St., San Jose, Cal., says: "I worked too hard about fifteen years ago when I was in Los Gatos and my kidneys were weakened. My back ached a great deal and sharp pains darted from my kidneys into my shoulders, almost crippling me. My head ached and I often felt dizzy. My rest was broken at night on account of the frequent action of the kidneys. The kidney secretions were highly colored and often pained in passage. I was gradually getting worse and was seeking relief when a friend recommended Doan's Backache Kidney Pills. I took them and found relief in a short time. I continued using them and three boxes removed every symptom of kidney trouble. I have been well since and free from every symptom of kidney complaint."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50), or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands. Remember the name, Doan's, and take no substitute.

KOREA AND SIBERIA TAKE EUROPEAN RUN

Manchuria and Mongolia Also
Will Be Transferred To
Atlantic Trade

Turner Grasset of the steamer Nippon Maru, calling here yesterday, was greatly surprised to learn that the T. K. K. line had purchased the steamer Persia from the Pacific Mail Steamship Company, and declared that he did not believe that it was so. He said that instead of going into the trade between San Francisco and New York, as soon as she comes off the China run, on September 6, the Pacific Mail liner Korea will be loaded with a full cargo for Europe by her new owners, the Atlantic Transport Company of West Virginia. Following the Korea, the Persia is understood to be destined for the same trade, although no announcement of the fact is known to have been made by the company.

Orders for the loading of the Korea were received in San Francisco by A. A. Moran, manager for Swayne & Hoyt, which firm handles the freight business for the International Mercantile Marine at San Francisco, shortly prior to the departure of the Nippon.

The Korea commences loading September 15 and will steam for Europe five days later. Her cargo, said Turner Grasset yesterday, is to consist of California products, including a large quantity of barley. These new orders dispel the understanding that the Korea and Persia were to go into the passenger carrying trade between San Francisco and New York at once.

Purser Grasset stated that it was considered probable in San Francisco that the vessels might return to New York from Europe, and there, with new crews, enter the passenger carrying trade. Grasset stated that from the first it had been announced that the Mongolia and Manchuria were to go into service between the East coast and Europe, but that the orders placing the Persia and Korea on the European run were unexpected.

The day before the Nippon Maru left San Francisco orders were issued by the Pacific Mail Company that all Japanese help on the returning liners be dispensed with, and that if small numbers of passengers are returning to cut down the number of Chinese stewards. Instructions were also issued for American clerks in office in the Orient to return to the States as soon as possible, a few at a time, so that by the time the Mongolia comes home, on her trip in November, there will only be left the agents in the various ports.

These agents are to take charge of all company property pending the winding up of its Orient affairs.

ARMY OFFICER HAS A PRETTY ROMANCE

Captain Steunenberg Last Saw
Bride 17 Years Before Marriage

SAN FRANCISCO, August 16.—Capt. George Steunenberg of the army and Miss Florence Alexander of Boise, Idaho, were married on August 16 at the Idaho building in the exposition grounds. The acquaintance of this couple began up in Idaho before the days of the Spanish war when Captain Steunenberg was a young man and Miss Alexander was riding broodmares over the stagecoach plains.

When the war broke out Captain Steunenberg joined the Idaho volunteers and went to the Philippines. He remained in the army and Miss Alexander died away from Idaho. As a girl she had a habit of whistling, and following it up she took to imitating birds, becoming so proficient that she could go into the woods and call the feathered songsters to her. Going on the stage she traveled for several years under Keith & Proctor, thrilling bird-like notes across the footlights to delighted audiences in New York, Philadelphia, and Chicago. Then she was offered a two-year contract to tour Europe, but her mother growing old, she left the stage to take up home duties.

Visiting the San Francisco exposition last May she met Captain Steunenberg for the first time in seventeen years. Despite the long interval neither had changed much and the recognition was instantaneous and mutual. The old acquaintance was renewed and resulted in the wedding Monday night in presence of many friends from the home State.

The latter is a Honolulu girl who has been studying in the East.
Lelehu—Miss Margaret Seymour.
The balance of the newcomers have been placed as follows:

NATIONAL GUARD ALLOTMENTS ARE LESS THIS YEAR

Militiamen Absent At Federal Inspection Cause Loss of
\$2051.41 To Organization

MONEY APPORTIONED ON 'PRESENT' BASIS

Washington Fund No Less But
That of Territory Is Cut
Down

The annual tables of apportionment of the federal funds appropriated by congress for the support of the organized militia of the several states and territories was received yesterday afternoon, and are of much interest to national guardsmen.

The funds allotted to the Territory under Section 1661, R. S., are identical the same as for the preceding fiscal year, being a total of \$11,722.49, divided as follows:

Arms, equipments, and camp purposes, \$11,741.87
Promotion of rifle practice, \$689.64

These sums are available for the procurement, by requisition, of arms, equipment, stores, and supplies; for payment, subsistence, and transportation of troops attending encampments; for incidental expenses connected with encampments, including hire of animals; and for the acquisition, construction, and maintenance of suitable shooting galleries and ranges.

Funds Less Than Last Year
The allotment of the Territory under section 13 of the Militia Law is less than that of the preceding year by \$2,051.41. The total sum allotted under this heading is \$9,671.53, divided as follows:

Small arms ammunition, \$3,329.15
Supplies, \$619.90

These sums are available for the purchase of service arms, accoutrements, equipments, uniforms, clothing, equipment, and military stores of all kinds, and for the purchase of small arms ammunition.

A new departure was made this year in the apportionment of the two million dollars appropriated under Section 13 of the Militia Law; heretofore this appropriation has been divided among the several states in proportion to their total enlisted strength as carried on the rolls; this year it was divided in proportion to the enlisted strength actually present at the annual inspection, held in Hawaii during the month of March, 1915.

Guard Stronger, Attendance Lighter
Although the National Guard of Hawaii was stronger in March than at any previous inspection, and although the attendance at the inspection was larger than at any previous inspection in the history of the local organization, it is evident that other States have done better. The figures for attendance at the last inspection are as follows:

Present, 717
Absent, 186

While it was thought in Hawaii that the attendance at the last inspection was record breaking, such was not the opinion in Washington, the large number of absentees (186) having killed forth with considerable women in the division of militia affairs. It is on account of these absentees that the allotment was reduced the \$2,051.41.

Comparing last year's figures with the current years' allotment, it is apparent that each absence at the inspection caused a direct loss to the national guard in the sum of \$14.34 in the allotment of federal funds.
